"Through our partnership with VivoAquatics we have developed trust and accountability, which ultimately has led to higher guest satisfaction."

Chris Richardson

WATER & SUSTAINABILITY

We offer two flexible options to meet the unique needs of your facility. Both packages are designed to provide hands-on training and support for your operations team, with the option to enhance training with CPO certification.

PACKAGE 1*

- ✓ Review of daily operations
- ✓ Manual training of pump room equipment
- ✓ On-site two days without CPO

PACKAGE 2*

- ✓ CPO training up to 5 people
- ✓ Review of daily operations
- ✓ Manual training of pump room equipment
- ✓ On Site three days with CPO

WHAT DOES TRAINING COVER ?

Our training includes a comprehensive overview of health department regulations, water chemistry requirements, and the operation of essential pool equipment, including circulation, filtration, and heating systems.

*Does not include part or service

**Creating SOP's and operating procedures can be added on for extra.

CUSTOMIZED TRAINING & OPERATION PACKAGE
